2022

POOL UPDATE

3/30 UPDATE

NOTE SLIGHT CHANGE IN AVAILABLE HOURS UNTIL 5/2 & OTHER UPDATES

The Board of Directors and the Sea Devils have agreed on their 2022 contract. This means the pool will be heated effective 2/28 when the Sea Devils begin their Spring Clinic. The Sea Devils pay \$28,000 to Danville Station (DST) for the use of the pool from 2/28-10/29. By allowing the Sea Devils access to the pool facilities it allows for the pool to open early in the year and keep the pool open until late fall. Please refer to the schedule below.

When the Board approved 2022 budget, we decided to continue with Pool Monitors instead of Life Guards. We've had 2 seasons (2020-2021) operating under this model. We believe that owners can continue to take responsibility for their own pool safety. This also will allow us to continue to keep cost in line. We have conferred with our legal and insurance team and we have no additional liability. By staffing in the peak season it allows the monitors to ensure the overall pool area is kept in order. We will continue with a sign-in process when the Monitors are on duty.

Have a safe swimming season and be respectful of other owners and the facilities.

Regards,

Danville Station Board of Directors
